### Double Down – Ten to Win!

The new Double Down payback method will give a bonus to the class payback. The CMSA has raised the class payback from 40% to 50% and eliminated the 30% that was removed from the class payback for Overall/Reserve payouts. Now every dollar that goes into your class STAYS in YOUR CLASS! That equals a 22% increase in class payouts. Montana Silversmith buckles, Classic Equine and other class prizes will be earned based upon your performance in the class portion of the event.

The Double Down option is designed for those competitors who wish to run for significantly more prize money. As the name indicates, to enter you pay a second entry

fee equal to the first. Just like splitting Aces in Blackjack! In the Double Down, the stages you run in the class portion of the event are your qualifying stages. The top ten from each of the six divisions (L1-2, M1-2, L3-4, M3-4, L5-6, M5-6) come back for a final run for 70% of their entry fees and all added money. Added money (CMSA defines added money as being GUARANTEED and not tied to the number of entries) is paid back 20% to the Limited Division, 30% to the Express Division and 50% to the Master Division. Added money is divided 50/50 by gender.

The Double Down pays two places for the first five, and one place for each five after that to a maximum of 6 places. (1-4 entries pays 1 place, 5 pays 2 places, 10 pays 3, etc.) Payback is capped at six places in the finals up to 100 entries in a single division. Over 100 pays eight places. Here are examples of just how the money would be paid out.

At the Gulf Coast Classic there will be \$10,000 Added money that will pay out \$2,000, \$3,000 & \$5,000 to each division split by gender so the Limited Division will pay \$1,000 on each side, Express \$1,500 and the Masters \$2,500. Below are three examples of the payback using different number of entries and divisions.

#### EXAMPLE 1

Limited Division, 24 entries

Number of Entries .....	24
Entry Fee Amount.....	\$200.00
Sub-Total .....	\$4,800.00
